HOW TO MEASURE YOUR FOOT

To make sure of a correct measurement before buying. You have to measure the foot from the heel to the toe longer. Remember to measure both feet, as there may be a difference in size from one foot to the other. Furthermore, for a suitable measurement we must leave 3 millimeters of comfort.

SIZE GUIDE - FOOT LENGTH

SIZES

CM	EU	UK	USA
22.3	35	2	4.5-5
23	36	3	5.5-6
23.7	37	4	6.5-7
24.4	38	5	7.5-8
25.1	39	6	9.5-9
25.7	40	7	9.5-10
26.4	41	8	10.5-11

In Grupo AngelitoS we continue the standard equivalents of sizing, this guide is for guidance. There may be modifications in the fit since we have a great variety of lasts in the manufacture of our shoes.
